

Room 3 Independent Study – Coursework Log

The time requirement for Independent Study credit for third grade is 275 minutes (4:35). There are five major areas of study in which students participate everyday. These are: English Language Arts, Mathematics, Reading, Physical Education, and Science and/or Social Studies/History. Some coursework should be completed in each area for every day of Independent Study. Below is a break down of the time that should be reasonably allotted to each subject area. Those subjects marked with an asterisk (*) however, may receive more or less instructional minutes as you see fit, so long as the total number of minutes (275) is attained for each Independent Study day.

This form needs to be completed for each day of Independent Study. Please attach your student's work to this form, sign the bottom, and turn in this form as soon as the work is completed. Independent Study needs to be completed by the week following the absence.

Student: _____ Date: _____

English Language Arts (No less than 90 minutes, up to 120 minutes)

Name of Assignment	Time Spent (minutes)
Total time for English Language Arts	

Reading (No less than 30 minutes)
