Hand
Soap

Dear Parents and Guardians,

Thank you in advance for taking the time to shop for the items for your student, and any extra items donated to the class as a whole. Items brought in will be used as individual supplies or may become school community supplies depending on the

needs of the classroom. Also, as a reminder any items purchased can be used toward your 20 volunteer hours that are required as a member of the school. For each \$10 spent on donated items 1 hour of volunteer hours can be given. This is one easy way to start your volunteer hours, if interested in having the items count toward your volunteer hours please send the receipt attached to a paper with the items and your name on it, so it can be logged in, or check in with the office and they can help you log the information into the volunteer hours log book.

Thank You and Happy Shopping,
Mrs. Lillie
